Shabbaton: Mountain retreat, Friday evening through Havdalah. Cost to be determined.

* If the second child is in the B'nai Mitzvah program as well as the Family Education program, then this fee is waived. A family participating in both the Family Education program and the B'nai Mitzvah program may deduct 20% from the total fees.

** The B'nai Mitzvah program is a two-year program. In some cases, a family may join the program less than two years before the Bar/Bat Mitzvah. Arrangements will be made on an individual basis.

*** Becoming Bar/Bat Mitzvah is to take one's place in the community. Membership in Pardes Levavot is required for participation in this program.

**** It is intended that full participation in our Family Education program, Hebrew group learning and the two-year B'nai Mitzvah program will prepare a child to step up to leading the Bar/Bat Mitzvah service. The six sessions with the rabbis are designed to help the student understand his/her Torah portion and write a d'var Torah (speech) and to co-create the Shabbat service. In keeping with our vision of family-based learning, parents will also be guided by the rabbis to learn along with their Bar/Bat Mitzvah child. In some cases, a student may need additional tutoring – particularly if their Hebrew education is not complete. We will assist in finding an appropriate tutor, and keep the additional time within reasonable limits.

We invite your membership in Pardes Levavot. Families participating in our education program may deduct 30% off your annual membership dues in the first year that you join the congregation, and 15% in the second year.

If you have any questions, we welcome your call.
